Dear Friends:

On behalf of the Commonwealth of Kentucky, I want to express my gratitude to The Love Foundation for your focus on one of the oldest rules of humanity, that we should love one another as we love ourselves.

As Governor of the Commonwealth, it is one of my priorities to move Kentucky forward by focusing on what we all have in common rather than what divides us. I hope that we all can set an example, through actions and deeds that will empower and inspire all Kentuckians to help one another, to love one another, and to do right by embracing the very diversity that makes our Commonwealth and nation so great.

I hope that today is a beginning for some, but a continuation for most, of a life full of compassion toward mankind. Together we can all make a difference and make our world a better place through tolerance, acceptance, and forgiveness.

Again, I commend you on your mission and wish you the best of luck.

Sincerely,
