"This magnificent planet is filled with opportunities to experience love, tolerance, peace and joy. We are one humanity on this planet. All life is interconnected, interdependent and share in the Universal bond of love. Love begins with self acceptance and forgiveness. With tolerance and compassion we embrace diversity. When we, as individuals, realize our potential to love unconditionally, we transform ourselves and the planet at the same time" said **Harold W. Becker**, author of *Internal Power, Seven Doorways to Self Discovery* and Founder/President of **The Love Foundation, Inc.** "Together, we can make a difference by joining our energy during this one day celebration of love, restoring balance to our personal and collective lives and by understanding that love begins within each one of us."
