

## Luv

The art of love within my heart

My happiness is a lot

My soul is boldly a work of art

Loyalty in my mind joy in my thoughts

I was created wonderfully made surrounded by beauty n beautiful days

It feels so good deep within

To be cherished and to win

My days are amazing my life is sweet

Godly angels guarding my peace

My vibe so real my energy so tight

This feeling is my heavenly part of life

It feels so good to feel so good

My love my light is everything it should

My emotions are always my strength

I am strong I can't bend

I know for a fact I am enough

Because inside and out I am loved
